This route description is valid from 1 January 2012 to 31 December 2012

This walk has been established by members of the Ise Valley Vagabonds Walking Club (BWF Club No 70) and is a qualifying event in the IVV award scheme. It can be walked at any time.

Exit pub car park and turn right along King William Road. At the bend in the road turn left, still King William Road but becomes Riverview Way after 15 metres. Follow this as it bears round to the right. At second road, turn left, signed Public Footpath to Biddenham. At the entrance to Kempston Mill homes, turn right and follow to the river, the Great Ouse, and ahead over bridge. Pass through right hand kissing gate and ahead to wooden bridge, Kempston Mill Bridge. Cross the bridge and ahead with hedge and ditch on right, field on left for 900 metres. Ignore all gaps in hedge. Where the ditch turns towards the river, keep ahead with copse on your right. Past the copse, the river nears the track which you are on, from the right. In 300 metres the track forks. Bear left along track with hedge on your left. **DO NOT FOLLOW THE RIVER!** Ahead between housing developments, crossing a new estate access road. Ahead across golf course, passing under the power lines. Ahead between wooden post lines, then a fence on your left. Gravel tracks join from the left, but continue ahead to a steel gate. Go through the gate onto a small tarmac road. Go straight ahead for 50 meters to the T junction.

QUESTION 1. TO THE RIGHT YOU CAN SEE A HOSPITAL. WHAT IS THE NAME OF THIS HOSPITAL?

Turn left along the road. You are now in the older part of Biddenham village. Ahead for 400 meters until you get to the Church. *This is an old Norman church and is open to the public every day. The first rector of the church was recorded in 1231.* Just past the church, turn right on tarmac path and go past the church and churchyard, then ahead onto grass path with hedges on both sides, then on left only. Keep ahead to a main road. Pass through the kissing gate, cross road (A428) with care and pass through kissing gate on the far side. Ahead along field with hedge on your left, to wooden gate. Pass through the gate, cross road and turn left along pavement on the right hand side of the road. Ahead to cross the old river bridge into Bromham, using the niches above the buttresses to avoid the traffic. *Points of interest: The length of the bridge as it spans the flood plain as well as the river itself, and the old mill with its integrated mill-wheel and mill race.* After the bridge, keep straight ahead along the main road, passing the village green on the left.

QUESTION 2. WHAT IS THE NAME OF THE PUB ON THE GREEN?

The pub is open from 12 noon daily. Continue along the main road (Stagsden Road) ignoring the roads on the left to Kempston, and on the right to Oakley. Walk along the main road, passing a petrol station on the right. Cross the road at the pedestrian crossing and continue in the same direction, ignoring all roads to the left and right until, opposite Budgens supermarket. Turn left into Thistley Lane, signed Private Road and Bridleway. At the fork in the track, bear right following the Clay Way marker. Continue ahead to pass through a gateway to the main road (A428). Cross with care as there can be very heavy traffic here. Across the road take pathway rising to the right to pass through a wooden swing gate and finger post marked Public Bridleway and CR (close gate behind you). Go ahead between wire fences for 500 meters towards the wood. At the edge of the wood is a way-marker marked CR and Marston Vale Clay Way. Ahead with wood on your right. *In the season this is carpeted with Bluebells.* At the next way-marker, go ahead with the wood on the

right and the hedge on the left along a woodland path. On exiting the wood, turn left. You have another golf course on the right, and the wood on the left. Please keep between the white markers and the wood, as this indicates the width of the bridleway. At the end of the golf course, go through the gate and keep ahead on the bridleway with hedge on left and field on right. At the road, turn left downhill for 800 meters, enjoying the views all round.

QUESTION 3. AT THE T-JUNCTION, HOW FAR IS IT TO STAGSDEN WEST END?

At the T-junction, turn left. In 20 metres turn right on the Public Footpath (finger post) across the field bearing slightly right to follow the footpath to a telegraph pole by the hedge and then along field edge with the hedge on the right. At far right hand corner of the field, after about 550 metres, bear right to cross over a wooden bridge and stile. Ahead between a hedge and tall wire fence, through overgrown strip to cross over a stile to the road. Turn left and go along the road for approximately 150 metres. As the road bears right, ignoring the bridleway to the left, walk ahead to cross the ditch and go up the field to the right of a lone tree, bearing half left after this tree to pass through a metal kissing gate. Cross a grassy track and go through a wooden kissing gate opposite. Walk straight ahead across the meadow to the corner and wooden fence. Walk ahead with the fence and hedge on the right and continue ahead, passing a small pond on the left. Keep ahead to pass through a wooden kissing gate onto the road. Beware of the traffic. Turn left along the road through the hamlet of Green End. At the main road, cross straight over and go ahead into Church End.

QUESTION 4. WHAT IS THE NAME OF THIS CHURCH?

In front of the church follow the road to the right, *noting the 16th century half-timbered house on the left, which is reputed to have been used in the lace-making cottage industry 250-300 years ago.* Continue ahead to pass Kempston Rural Lower School on your right. *As a note of interest, all the 'End' hamlets are part of the parish of Kempston Rural.* Pass through the kissing gate onto a tree-lined path. In 400 metres, on the left hand side is a bench and an iron memorial plaque.

QUESTION 5. WHEN WERE THE TREES PLANTED?

Continue ahead and in another 500 metres pass through the kissing gate into a narrow street. Ahead to the end and then turn right and ahead again with ditch on your left, to the main road at High Street. Turn left along High Street to return to the King William and the end of your walk. *The King William IV is open daily from 11.00 am and serves a good variety of drinks and good country food.*

We hope you have enjoyed the walk!
